## Hearings - Registrar/Deputy Registrars/ Assistant Registrars:

11. (i) Court hearings before the Registrar, the Deputy Registrars and the Assistant Registrars in New Providence and the Deputy Registrar in Grand Bahama will continue to be heard by Remote Hearings unless the presiding judicial officer directs that another Disposition Mode is to be used.

### Remote Hearings:

12. (i) The current COVID-19 pandemic requires the Courts to augment traditional In-Court Hearings with the use of Remote Hearings wherever possible. Such technology is currently used for receiving evidence of distant witnesses in non-criminal cases and for certain criminal procedures conducted between the Supreme Court and BDOCS using video-technology.

(ii) Order 31A(1)(k) of the Rules of the Supreme Court Rules provides for the court to actively manage cases by “*making appropriate use of technology*” and Order 31A r18(2)(n) provides that the Court may hold a hearing by “*...electronic means or use any other method of direct communication: Provided that where evidence is received by telephone or other electronic means, all persons participating must be able to hear each other and to identify each other so far as practicable.*”

(iii) Section 78C (2) of the Evidence Act as amended by section 2 of the Evidence (Amendment) Act, 2013 provides that in criminal proceedings “*...the court may, at any time during any proceedings relating to an offence other than at a time when the evidence of a witness is being taken, direct that the accused appear by live link or by any other means that will allow the court and the accused to engage in simultaneous visual and oral communications.*”

(iv) These protocols are only intended to provide basic guidance on Remote Hearings. Practitioners and parties are encouraged to familiarize themselves with the technical features of the various methods available for Videoconferences, including Skype, Zoom and Webex. The presiding judicial officer shall determine the method to be used for a Videoconference.

(v) The provisions for Remote Hearings are to be read subject to paragraphs 2-11 of these Protocols and together with paragraphs 3 - 15 of Practice Direction No. 3 of 2020. It will always be in the discretion of the individual judicial officer to determine which matters are suitable for Remote Hearings.

### Conduct of hearing

(vi) The presiding judicial officer and/or judicial staff will coordinate the arrangements for Remote Hearings and, in the case of a Videoconference, will in each case send out the link/invitation to counsel, the parties and any other

necessary attendees at least twenty four (24) hours in advance of the hearing. ***That link/invitation must not be sent or circulated by any party or counsel to any person without the prior permission of the presiding judicial officer.*** Where appropriate, arrangements will be made for a court reporter to attend or participate in the Remote Hearing for the purpose of recording the proceedings.

(vii) A Remote Hearing will be conducted as if counsel and/or the parties are physically appearing before a judicial officer of the Supreme Court in accordance with the Rules, practice, procedures and decorum applicable to an In-Person Hearing. Procedural propriety must be observed at all times and the normal ways of addressing judicial officers and counsel in court proceedings will apply.

(viii) When the Court has scheduled a Remote Hearing, counsel and the parties must ensure that they are adequately prepared for the hearing and have the necessary equipment in place for the duration of the hearing. Where the Remote Hearing is by a Videoconference, this will include access to a reliable internet connection.<sup>1</sup>

(ix) Counsel and pro se litigants (subject to the Proviso below) are responsible for ensuring that (a) the presiding judicial officer and the other parties have electronic copies of all relevant filed court documents, the submissions and authorities at least three (3) days prior to the Remote Hearing by using the relevant eDelivery Form on the Judiciary's website; and (b) where practicable hard copies of all filed court documents and other documents for the hearing are served on the other parties involved in the Remote Hearing. **PROVIDED** that pro se litigants who do not have access to the technology to comply with sub paragraph (a) above must, where practicable, deliver hard copies of the above mentioned documents to the office of the presiding judicial officer.

(x) All counsel and/or parties attending a Remote Hearing by Videoconference must be seated and attired in a manner customary to that which is adopted when physically appearing before the Court. Judicial officers and attorneys must wear bands and wing collars without robes when attending a Remote Hearing by Videoconference which would normally be heard in open court.

(xi) When attending a Remote Hearing all counsel and/or parties shall be at premises that are private and professional. In the case of a Videoconference, they must activate their camera and have a stationary neutral backdrop away from open windows and sources of noise or distractions.

(xii) Counsel and parties should log in or call in to the Remote Hearing facility at least ten minutes before it is due to start in order to confirm that there are no connectivity issues.

---

<sup>1</sup> It is suggested that your internet connection has a minimum download and upload speed of 20Mbps.

(xiii) At the commencement of the Remote Hearing, the presiding judicial officer will give such directions as may be necessary for the conduct of the hearing. The applicant shall give the appearances and each participant shall state on the record the name of anyone else who is in the room with him/her. The presiding judicial officer will decide whether such person or persons are allowed to attend the Remote Hearing.

(xiv) Unless granted permission by the presiding judicial officer, counsel and/or parties shall not move out of range of the telephone, the camera and/or the microphone, as the case may be, while a Remote Hearing is in progress.

(xv) Counsel and parties participating in a Remote Hearing are **NOT** permitted to record the hearing or, in the case of a Videoconference, photograph or take a screen shot of the screen without the consent of the presiding judicial officer. Unless such permission is granted, counsel and the parties will be required to give an undertaking to that effect at the start of the hearing.

(xvi) A Remote Hearing in proceedings held *in camera* must not be broadcast, recorded or reported by counsel or a party in any manner.

(xvii) Participants in a Remote Hearing must mute their microphone when not addressing the Court and unmute it when they are speaking.

(xviii) In Remote Hearings it is particularly important that counsel do not cross talk or unnecessarily interrupt each other. As far as possible only one person should speak at a time. The court should establish protocols in advance for speaking or taking an objection during the hearing. In the case of a Videoconference, it is to be noted that most of the remote platforms have a feature which allows a party to 'raise his hand' or otherwise indicate a desire to be heard.

(xix) Where these Protocols or subsequent Practice Directions are silent on any issue, the Court may give directions or make any order, which is necessary in the circumstances, for the fair and efficient conduct of the Remote Hearing.

(xx) The Court may terminate a Remote Hearing at any time in the event of any non-compliance with these Protocols (or any subsequent Practice Directions made to govern Remote Hearings) by counsel or a party, or where it is otherwise necessary in the interest of justice.

(xxi) Counsel is expected to read and follow the above Protocols in paragraph 12 with regard to Remote Hearings. When making costs orders, the Court may bear in mind any adjournment or delay caused solely by the (i) failure of one party or his/her counsel to comply with the Protocols under this paragraph; or (i) breach by such a party of these Protocols under this paragraph.
